SUBMISSION

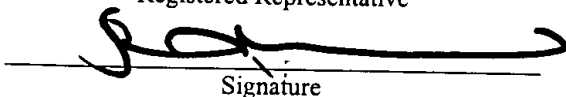

Sir:

<input checked="" type="checkbox"/>	Submitted herewith is a copy of art together with an art listing form listing the same for the convenience of the Examiner.
<input type="checkbox"/>	The document(s) listed on the attached art listing form was/were cited in a Search Report issued by a foreign patent office in a related application. A copy of the Search Report (in the English language) is attached hereto for the Examiner's reference.
<input checked="" type="checkbox"/>	The Japanese Publication(s) listed on the attached art listing form was/were cited in a Japanese Office Action issued in a related application. A copy of the Japanese Office Action and an English-language translation of the relevant portions are also attached.
<input type="checkbox"/>	This submission is being made after the issuance of a first Office Action and three months after the application filing date. Thus a Certification Under 37 C.F.R. §1.97(e) is set forth below.
<input checked="" type="checkbox"/>	I hereby certify that each item of information contained in this Submission was cited in a communication from a foreign patent office in a counterpart foreign application not more than three (3) months prior to the filing of this Submission (37 C.F.R. §1.97(e)).
<input type="checkbox"/>	This submission is being made after the issuance of the first Office Action and without a certification. The fee of \$240.00 under 37 C.F.R. §1.17(p) is attached.
<input type="checkbox"/>	This submission is being made after the issuance of a final rejection or a Notice of Allowance but prior to the payment of the issue fee. Applicant(s) hereby Petition for consideration of this Information Disclosure Statement and attach the fee of \$130.00 under 37 C.F.R. §1.17(I). A certification under 37 C.F.R. §1.97(e) as set forth above.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231, on September 30, 1999.

P/1929-47

Claims 1 through 11

Cited References, Etc. 1

Remarks:

A loading method whereby soldering is carried out in a liquid in inertness (Translator's Note: could "in a liquid in inertness" be "an inert liquid" erroneously printed?) is disclosed in cited example 1. In the field of soldering, moreover, the use of supersonic vibrations is a technique which is ordinarily employed.
